Professional Summary

Enthusiastic and detail-oriented aspiring Data Scientist with a strong foundation in data analysis, statistical modeling, and machine learning. Recently completed a Master's degree in Data Science and seeking an entry-level position to apply analytical skills and grow in the field.

Education

Master of Science in Data Science
University of California, Berkeley
Graduated: May 2023

Bachelor of Science in Mathematics
University of California, Los Angeles
Graduated: May 2021

Internships

Data Science Intern
BrightFuture Tech, San Francisco, CA
June 2022 – August 2022

- Assisted in collecting, cleaning, and preprocessing data for analysis.
- Conducted exploratory data analysis (EDA) to identify trends and insights.
- Supported the development of predictive models for customer behavior analysis.
- Created data visualizations to communicate findings to the team.

- Collaborated with senior data scientists on various projects and presentations.

Projects

- **Retail Sales Analysis:** Conducted an analysis of retail sales data to identify key trends and patterns, using Python and Pandas.
- **Sentiment Analysis on Social Media:** Developed a sentiment analysis model using Natural Language Processing (NLP) techniques to analyze customer reviews on social media platforms.
- **Stock Price Prediction:** Implemented a machine learning model to predict stock prices, utilizing historical data and various predictive algorithms.

Technical Skills

- **Programming Languages:** Python, R, SQL
- **Data Manipulation and Analysis:** Pandas, NumPy
- **Machine Learning:** Scikit-learn, TensorFlow (basic knowledge)
- **Data Visualization:** Matplotlib, Seaborn, Tableau
- **Database Management:** MySQL

Certifications

- **Data Science and Machine Learning Bootcamp**, Udemy, 2022
- **Python for Data Science**, Coursera, 2021

Professional Affiliations

- Member, Data Science Society at Berkeley
